

Hi all! This is a first post in a series on why, when deciding where to go for a summer school, Cambridge in the UK should be at the very top of your list. We'll talk about the history, location as well as the unmissable activities that will make your experience truly special and that you can't get anywhere else but this lovely English market town.

Reason 1: Cambridge University

It's safe to say that I could probably finish this post right here. Cambridge University is a world-renowned institution and its name precedes it wherever you go. Having just celebrated 800 years since its foundation, Cambridge certainly has a long-standing tradition and places consistently at the very top of the world's best universities. The education that full-time students receive here every year is unrivalled and the whole city has absorbed parts of this atmosphere.
