

It's Friyay!

The first week flew by! We are still full of energy. For some students, the day started with an educational trip around **Cambridge**, to look at bridges as an example of [how to construct a sturdy bridge](#). After having a proper look at them, they went back to the classroom and had a go at building their own ones. Then came the moment of truth - the testing! The students used water bottles and paper as weights to check the structural in. Check out the videos on our [Instagram stories](#) P2 Highlight for videos of falling bridges!

Escape Room champions!

The [ESL](#) students looked at Martin Luther King's '*I have a Dream*' speech before they prepared a role play on their idea to change the world for the better. The [SAT Preparation](#) class even got the chance to puzzle through an **Escape Room** - which they fled with an impressive 14 minutes to spare! Finally, the [Medicine & Life Sciences](#) class even got some practical experience with a **dissection** class. As well as the usual morning classes we had [Taster courses](#) too, specifically [Emergency Medicine](#) and [Young Leaders](#). Additionally, in the face of the gloomy weather, students really enjoyed the most typical thing to do in Cambridge! Any guesses..?

Yes - PUNTING!

After all the fun workouts on the punts (again, check out our [Instagram Story highlights](#) for videos of the students' valiant attempts!), it was time for dinner, followed by a **lecture** on university life. The students had a chance to learn about application process, student life and many other aspects that make up the

experience of **studying in the UK.**

After that it was time for our famous **Squad Wars!** It has been a week since students (as well as staff) started contributing towards gaining points for their teams - Fire vs Ice. So came Squad Wars - an amazing way to get many points, whether through guessing songs or recognising logos. Also, students needed to identify pictures of their supervisors when they were babies - that was probably the most enjoyable part ;) And so, the first week of the programme is officially finished. Tomorrow is bringing more excitement - London! Some students will have an opportunity to watch a **Shakespeare** play as well as trip to the Tate Modern Museum, and some will get on a cruise to Greenwich, one of the most beautiful part of London. We're looking forward to our first excursion!
