

Are you coming for the Reach Cambridge summer program this year? Or maybe you're still just considering it and trying to find out as much information as possible...

What are your questions?

Do you want to find out more about what the day-to-day life would be like?

Do you want to see who you'll be spending your time with?

Do you want to get a better sense of what your classes and lectures will bring?

Are you coming to find out more about the university experience in Britain?

Are you hoping to gain more information about university applications?

We all have questions before embarking on something new. Why not ask yours in the comments?
