

And **Program 2 of 2023 begins!** 138 students from all around the globe arrived in Cambridge ready for an action-packed and edifying two weeks. We cannot wait to see what new and interesting ideas they will bring to their lessons, and what they will draw from trips to places around the country. Already, it is so encouraging to hear students really excited about their subjects and taster courses.

We are based in the beautiful colleges of **Downing, Corpus Christi, and Trinity Hall** this summer, all of which we are excited for the students to get to know alongside the rest of the city! After a busy day of travelling and making friends, the students had dinner and then attended a welcome talk run by our fantastic staff who gave an overview of the programme. Sri, our Director of Curriculum, told them all about the incredible lessons our teachers have planned, and Program Coordinators Temi and Alannah gave them a showcase of the activities they have to look forward to, such as the **talent show, sport's day** and fantastic excursions to **Hampton Court**, as well as London's wonderful museums, including the **Science Museum** and the **V&A** museum. We will have lots of activities for the students, from **volleyball tournaments, arts and crafts** to **karaoke** and so much more!

After the welcome talk, the students played **ice breaker games** to get to know each other and their supervisors in their corridors, as well as getting an idea of the schedule of the first day of lessons. By the end of the day, all students were raring to go and looking forward to their lessons starting on Monday morning.
