

**Sports day!** Students were able to have a lie in and get a later breakfast in college, before reconvening for a rather sunny day at Cambridge's sport centre.

As students headed off to the sports ground, the sun followed behind, and before you know it, sports day was in full swing. We had a great turnout for **volleyball**, with our huge nets, whilst others enjoyed some **tennis** rallies, featuring some astonishingly talented students! **Football** was once again also in high demand, whilst the spirit of the **Olympics** buzzed around the **athletics track!** Students took each other on in the **100m**, and the more long-distance minded were able to do some laps, and get some practise in for Reach's next morning run club!

Back inside, students could take it easy, with an array of **board games** and activities. Students transformed into detectives during a tense game of Cluedo, and tried out their poker faces on the casino table. Others made friendship bracelets and did some knitting, drawing and all sorts of arts and crafts! As those outside finally finished their game, they came back inside for a tasty **BBQ!** Students tucked into a feast, with Jerk Chicken, burgers and halloumi on the menu!

After having their fill of the BBQ (and going back for seconds!), everyone walked back to college for tonight's activities. On the activity menu this evening we had a chilled night for the students worn out from sport, with a relaxed **movie night**, with snacks and drinks to have a cosy evening in. Or students could begin to prepare for the **World Fair**, where they get the chance to present to the whole cohort about their country and culture, which will take place next week, and is a Reach highlight for all involved.

Looking ahead to Sunday, we head off to London for our second excursion of the program, a day of boat cruising and exploring, but more about that on tomorrow's blog...
