This was honestly an experience I will never forget. On the day I arrived I was a bit shy but after talking with people I realized we were all in the same boat. I have learnt a lot about peoples different cultures and their livelihoods. I have made lifelong friends from all over the world! And finally I have met supervisors and teachers who made me feel safe and comfortable.

### Politics & International Relations

Reach Cambridge was without a doubt the best experience of my life. I enjoyed the freedom it provided, while being gently introduced to what university life is like. I made some lifelong friends from all over the world, and got to have many interesting debates and discussions in my classes that helped me open my mind, change my viewpoint and sometimes challenge my way of thinking. I would wholeheartedly recommend this course to everyone and anyone, and the weather was beautiful as well!

Reach Cambridge was an incredible experience for our daughter. She made friends from all over the world, and had so much fun exploring the city of Cambridge. The teachers and classes were engaging and interesting. The life sciences courses, in particular, got her really excited to study medicine in college. We're so happy she joined Reach Cambridge this summer. Thank you for all you did to answer our questions and to make the journey and experience easier despite the pandemic. Our daughter had a fantastic time!
