## 4. International Experience

- We are proud to be a very international program – our student community is made up of students from all over the world, from both international schools and local state schools.
- Socially, there are innumerable benefits of meeting people from all over the world who go to school in different countries.
- Academically, it's incomparable to be able to share different views from all over the world in and outside of the classroom - regardless of which subject you choose to study.
- Many of our students stay in touch & visit their friends in other countries long after Reach has ended.

# 5. Personal Development

## Prepare for the Future

Learn how to manage your own free time and balance it with your studies. Learn how to *be at* University. Grow in confidence, understanding and independence.

- Lecture about UK University Life
- Speak to undergraduates from UK universities
- Practical interview skills for the workplace and university
- Receive a certificate of attendance & suggested further academic reading
