Can Reach Cambridge sponsor my Student visa?

We are sometimes asked if we can sponsor international students and regrettably we cannot.

The UK Visas and Immigration (UKVI) service, which is an operational command of the Home Office, has a very strict regime for education providers wishing to apply for, and hold a license to sponsor international students to come to the UK under Student visa arrangements.

Whilst we provide short-term education experiences for students aged 14 to 18, we fall outside the UKVI's definition of an 'education provider' – which typically includes colleges of higher education and universities teaching undergraduate and postgraduate courses of study on a full- or part-time basis.

We are therefore unable to apply for and attain sponsorship status under these arrangements.

[1] The term 'student visa' refers to immigration permission issued under both Tier 4 and the Student route
