Cambridge

1. Inspiring Surroundings

Live & learn in the prestigious & historical University City of Cambridge

2. Academic Excellence

A New Way of Learning

- The learning journey at Reach does not begin & end in the classroom.
- All courses make the most of the inspiring & academically significant surroundings of Cambridge.
- Academic trips & visits take place throughout each course.

- Science courses visit labs & research institutes.
- Our teachers are working at the cutting edge of academic research or are practicing professionals.

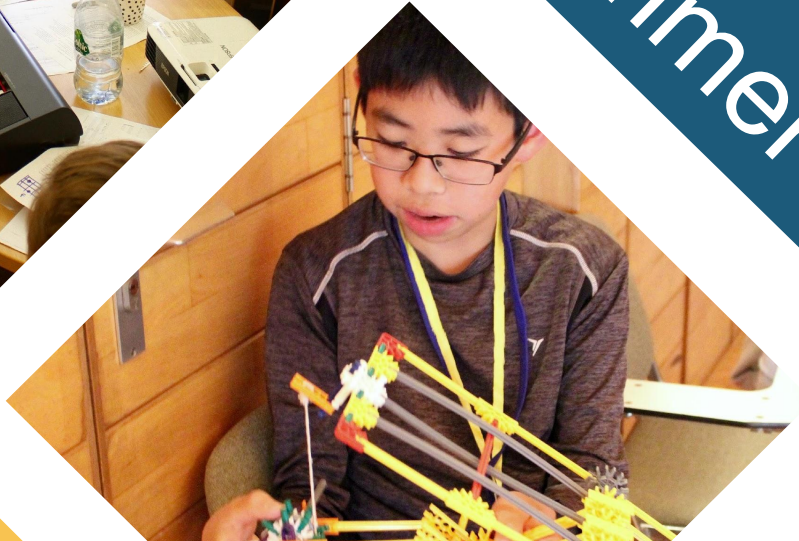

The image shows a long, bright library with a high, vaulted ceiling. On the left, there are tall wooden bookshelves filled with books, with a mezzanine level above them. In the center and right, there are round wooden tables with chairs, some with lamps. The ceiling is made of light-colored stone or plaster with a series of arches and decorative elements. At the far end, there is a large stained-glass window. The overall atmosphere is quiet and scholarly.
